

STRATEGIC IMPERATIVES

Partnership Broker

- Partner with carers to be a trusted source of information and connection
- Drive partnerships with key influencers that build awareness and recognition of carers
- Collaborate with others in the community to connect carers to information, support and services.
- Collaborate with the National Network and Carers Australia to form a trusted partner for carers and government nationally.

Responsible Decision Maker

- Implement business processes and governance that allows the organisation to respond effectively and efficiently to the changing environment.
- Ensure the organisation remains viable and capable of delivering services of value to carers.
- Maintain accreditation and identity as a quality service provider.
- Actively pursue opportunities that enables our purpose and mission

CARERS

Carers ACT is a trusted partner in caring

Key Influencer

- Use our expertise and sphere of influence to raise awareness, affect policy and enhance services for carers.
- Ensure the voices of carers are heard in the formation of policy.
- Influence the implementation of the ACT Carers Strategy.
- Partner with carers to influence the services and systems they interact with and that impact the caring role

Enabler

- Collaborate to ensure that carers are able to access quality services in the community that respond to and meet their needs.
- Provide services that have a positive impact on carers and enables them to continue in their caring role.
- Assist carers to navigate through service systems to ensure they can access the services and supports that are available to them and the person they care for.
